

# Will you sponsor the education of a child in India?

**Adventure  
Ashram**

Adventure Ashram runs a child sponsorship programme for children living in 7 villages within or on the outskirts of Mudumalai Tiger Reserve, Tamil Nadu, India. Before our support began in 2011, the children were unable to attend school. The school fees were unaffordable for their families, and their route to school, through the elephant corridor, too dangerous.

Thanks to adventurers who travelled through the area, over 200 children are now being supported, and in addition Adventure Ashram's Partners have provided 3 school buses.

However, still more children need our help. Just **£12.50** a month can pay for a child to attend school everyday to access the education they deserve. Being supported and encouraged to gain a good basic education, with some computer literacy and confidence to speak English, our children will be prepared for a future in further education and employment.

Please sign up to a monthly standing order commitment and guarantee your support. Full details of the project are available to view and download at [www.adventureashram.org/projects](http://www.adventureashram.org/projects)

Thank you from all the *Adventure Ashram* trustees.

**Please join us in sponsoring and securing another child's education. See overleaf for more details.**

## A sponsors story

*'I have found sponsoring a child's education to be one of the most satisfying gifts you can give. Sponsoring a child in India had the added bonus for me of being able to visit their school and meet the children and see for myself how the children were improving and growing as individuals, and how they and their families were benefitting from their education. These children don't take education for granted, they cherish it and they thrive on it and it will benefit them and their families for life. What greater gift can be given to anyone?'* **Wendy Smith** Adventure Ashram Trustee
